Two Methods of Unseating
Senator Smoot.

(BY DIRECT WIRE TO THE TIMES)

WASHINGTON, Jan. 4.—[Exclusive Dispatch.] The question of the treatment of Senator Smoot by the Senate is no more a matter of method and terminology than of results. There is no longer any room for doubt that the Senate Committee on Privileges and Elections, which will meet Saturday morning at the call of Chairman Burrows, will lead to the expulsion of Smoot.

SENATE PROCEEDINGS.
SENATOR LA FOLLETTE SEATED.
(BY THE ASSOCIATED PRESS-P.M.)

WASHINGTON, Jan. 4.—After waiting for almost a year, Robert A. La Follette appeared in the Senate when he was seated at the desk of the Senator from Wisconsin, and the oath of office was administered to him by Vice-President Fairbanks. The ceremony was witnessed by a crowded gallery, which manifested much interest in the proceedings. The incident was greatly heightened by the fact that Mr. La Follette was escorted to the Senate chamber and to the Vice-President's desk by Mr. Spooner, between whom and Mr. La Follette there has been in recent years a bitter feud of opinion as to party and public policies amounting to personal antagonism. Neither Senator Fairbanks nor Mr. Spooner had expected any trace of such feeling today. Mr. La Follette was among the spectators of her husband's initiation into his new sphere of public duty.

The Senate discussed at some length a proposition to reprint a magazine article by Mr. Newsland, and also a resolution for the regulation of the sugar interests, and the Democrats in the hope of finding room entering into the bill which to pen up the whole tariff question. The best-sugar men figured they had forty-seven votes on the Republican side of the House, and a combination with the Democrats which could defeat the proposed rule. They had been working during the recess to obtain the other ten votes and declared they were practically assured of them.

PROMISE TO OBEY LAW.
Trunk Line Officials Pledge Interstate Commerce Commission to Stop

Rebels' South.
(BY DIRECT WIRE TO THE TIMES)
WASHINGTON, Jan. 4.—[Exclusive Dispatch.] There was a conference yesterday at the offices of the Interstate Commerce Commission, behind closed doors, with certain railway officials in the trunk line territory. The object of this meeting was the Interstate Commerce Commission could not be definitely ascertained nor could it be conclusively stated that any particular violation of the law had been reported. It is understood, however, that these officials came to Washington to assure the commissioners of the united and determined disposition of the lines they represent to conform to the law and to the regulations in every respect to aid the commission in its enforcement, and to assure the commission that they would notify it of any violation of the statute and report every illegal transaction which may come to their knowledge.

While this visit was unanticipated, it was not unwelcome, and the commission has reason to doubt the sincerity of the movement or its practical value. That it will result in complete discontinuance of wrongful practices is a possibility, but the degree of its usefulness, and a marked improvement in the observance of the tariff rates may be fully anticipated. If the promised cooperation is actual and continuous, the commission will be enabled to enforce the law and the granting of secret advantages will, it is hoped, be reduced to a minimum.

STATEHOOD STRUGGLE.

Fight Will Begin in the House Next Monday—Real Tug of War in

the Senate.
(BY DIRECT WIRE TO THE TIMES)
WASHINGTON, Jan. 4.—[Exclusive Dispatch.] The Statehood fight will begin next Monday when the House Committee on Territories will report the Hamilton bill. An effort is being made to perfect a bill so that the committee on Rules can carry out its present intention of reporting a bill that will prevent any amendment on the floor of the House. Then it is proposed to push the bill through after debate, and send it to the Senate, where it will be perfected and properly amended. If necessary, on account of the big majority of Republicans who support the Speaker Cannon because of a lively sense of favor to come, there is no probability of the bill's passing. The House will make much of a fight in the House on the Statehood bill, although there is intense repugnance to the Speaker's determination to jam the bill through without permitting any one to offer amendments.

When the bill reaches the Senate the real fight will begin. It now promises to open into a regular campaign, and if the Republican Senators aligned in opposition also it is over. In its present form cannot pass. Among those Republicans who are opposed to the census bill are Senators McKim, Flint, Hanabrough, Carter, Warner, Alger, Ankeny, Burrows, Foraker, Gallinger, Rutherford, and Aldrich. Scott, McCumber, and Heyburn.

Foraker will propose an amendment eliminating New Mexico and Arizona from the bill. This is supported by the Senators named. If, however, the Senate should decide to admit the Territories as one State, Foraker will then make a fight for his amendment permitting each Territory to vote separately on the question of Statehood. This amendment is sure to arouse strong opposition among the forces that are behind the census bill. The Western Senators say privately, however, that unless the amendment is accepted, the entire Statehood bill will fail.

ROOSEVELT FOR SENATOR.

Overthrow of Odell Gives Rise to Talk That the President May Stay

in Politics.
(BY DIRECT WIRE TO THE TIMES)
WASHINGTON, Jan. 4.—[Exclusive Dispatch.] The selection of James W. McAdams as Speaker of the House of Representatives of the State of New York should be of extreme interest to every admirer of President Roosevelt. It means that he is the dominant factor in all affairs in his native State, and that his friends are in a position to make good the desire to see him elected to the United States Senate at the expiration of his present term. Mr. Roosevelt has, since he entered public life, been ambitious, and it is hardly reasonable to believe that he

will be content to retire from public life upon the expiration of his term as President, March 4, 1909.

Early last spring the President talked with a number of friends, who were influential men in national affairs, and one of them suggested that he should enter the United States Senate to succeed Thomas C. Platt, whose term will expire March 3, 1909. It is said that the President was pleased with the idea, and soon afterward his friends in New York State commenced work which has resulted in the complete overthrow of Odell and the transfer of New York political control from the old managers to Gov. Higgins, with President Roosevelt as the engineer in charge.

PHILIPPINE TARIFF BILL.

Will Pass the House at an Early Date. Best Sugar Men Have Lost All Hope.

(BY DIRECT WIRE TO THE TIMES)

WASHINGTON, Jan. 4.—[Exclusive Dispatch.] That the Philippine Tariff Bill will pass the House at a comparatively early date seemed settled yesterday when Speaker Cannon and the House leaders decided the bill should be taken up today, and its consideration to be had without a rule, the members being permitted to talk tariff reduction or any reduction except upon importations from the Philippines. The decision to bring in the Philippines bill without a rule effectively upset the plan of the best-sugar men and Democrats for a combination, and removed the last vestige of hope of the best-sugar men had for preventing the passage of the administration bill reducing the rates upon products of the islands. John Sharp Williams and the "insurgent" Republicans had expected to form a combination to fight any rule reported by the Rules Committee "in regard to the passage of the bill."

The sugar men, however, are known to be working during the recess to obtain the other ten votes and declared they were practically assured of them. Chairman Payne of the Ways and Means Committee, Mr. Dalsell and Mr. Grosvenor reported to Speaker Cannon that the members from California, Mr. McLaughlin, not more than half the Michigan delegation, and a few members from the West, would vote against the committee's bill. With the Democrats working the bill as they will when it comes to its final passage, the opposition will be confined to this little handful of Republicans.

YERKES WOULD CHANGE WILL.

Care of Dr. Loomis for His Dying Patient.
(BY THE ASSOCIATED PRESS-P.M.)
NEW YORK, Jan. 4.—It was learned yesterday that, in the hope of prolonging the life of Charles T. Yerkes, Dr. H. P. Loomis, of Yerkes's physician, by a word of medical advice, advised his dying client, Mr. Yerkes, to change his will.

NOBLEMAN DIES IN JAIL.

HELENA (Mont.) Jan. 4.—[Exclusive Dispatch.] George Urban, for more than twenty years a resident of Helena, and who was known by many as the Duke of Rothenburg, died yesterday in the City Jail, where he was placed by a police officer who found him in the rear of a saloon where he had been employed. It is asserted by some of his associates that Urban was really of nobility. He was a native of Holland and came to the country more than a score of years ago. He was then possessed of a great deal of money, but it is said to have lost it in speculation.

HILLER PUT IN THE LOCKUP.

Edwards's Brother-in-Law is Under Suspicion.

Sensation in New Haven Murder Mystery.

Coroner Probes Family Affairs at the Inquest.

(BY THE ASSOCIATED PRESS-P.M.)

NEW HAVEN, Jan. 4.—[Allan Macey, brother-in-law of Charles A. Edwards, the New York man who was shot to death in a mysterious manner yesterday night while at the home of Charles A. Hiller, another brother-in-law, at 117 College street, tonight was placed in the lockup at police headquarters by Coroner Mix.

The coroner explained that Mr. Hiller was taken at the end of a five-day inquest in the coroner's office. Hiller was there when the order was given to Detective Sergeant Ward to take him to police headquarters.

Mr. Hiller, who was accompanied by Mrs. P. Irving, counsel for Mr. Hiller, was taken to police headquarters. The latter walked to the station house, but on reaching it, he began to talk wildly and was taken to the lockup. He appeared on the point of collapse from the mental nervous strain undergone by him during the last thirty-six hours.

OF ARISTOCRATIC FAMILY.
Macey Hiller is one of New Haven's best known men and is connected with aristocratic families of Connecticut. The violent death of Mr. Edwards, who married a daughter of Hiller, has caused much speculation as to the cause of the shooting.

NOT SELF-INFLICTED.
It was determined by the autopsy conducted this afternoon that Mr. Edwards died from a bullet wound which could not have been self-inflicted.

It was found that not only was there a bitter disagreement between Hiller and Mrs. Edwards over the shooting, but that Mr. Edwards had been told friends that he was "just over the line from HIGH rent and HIGH prices."

It was also found that Mr. Edwards had been told friends that he was "just over the line from HIGH rent and HIGH prices."

Under Suspicion.Big Sensation in New Haven
Murder Mystery.Coroner Probes Family Af-
fairs at the Inquest.

(BY THE ASSOCIATED PRESS—P.M.)

NEW HAVEN, Jan. 4.—Allan Maxey Miller, brother-in-law of Charles A. Edwards, the New York man who was shot to death in a mysterious manner Tuesday night while at the home of Charles A. Hiller, another brother-in-law, at 117 College street, tonight was ordered placed in the lockup at police headquarters by Coroner Mr. F. J. Irvine.

The coroner explained that Mr. Hiller was simply held without bail, as the inquest is not completed. This afternoon was taken at the end of a five-hour hearing at the coroner's office. Mr. Hiller was there when the order was given to place him in the lockup. He was taken to the police headquarters by Detective Sergeant Ward.

Det. P. J. Irvine, counsel for Mr. Hiller, accompanied him to police headquarters. The latter walked to the station house, but on reaching that place he turned back and was escorted by Det. Irvine to the lockup.

At the point of departure from the station house, Mr. Hiller was seen by him starting the last thirty-six hours.

OF ARISTOCRATIC FAMILY.

A. Maxey Miller is one of New Haven's best known men and is connected by blood and marriage ties with many of the aristocratic families of Connecticut. The violent death of Mr. Edwards, who married Mr. Hiller's only daughter, also came close to families which are intimately connected with the spending of Yale University.

Mr. Hiller and his brother, Charles A. Hiller, with a former servant, Miss Thompson, called into the inquest at Coroner Mr. Irvine's office.

Five hours were subjected to a right examination. The line of inquiry was entirely into the affairs of the Hiller family, centering upon the reported trouble between A. Maxey Miller and his brother, Charles, and his wife, Mrs. Edwards, wife of the victim of the shooting.

NOT SELF-INFLICTED.

It was determined by the autopsy held Tuesday afternoon that Mr. Edwards died from a bullet wound which could not have been self-inflicted.

It has been found that not only was there a Miller disagreement between the Hiller and Mrs. Edwards over the ownership of the estate of Mr. Hiller, but that Mr. Edwards had recently told friends that he expected to die.

The weapon used against Mr. Edwards has not been found, although it was last seen by the Hiller family during the day by the Hiller family and by friends of the Hiller family.

There has been serious family differences over the estate of the late Mrs. Hiller, which was secured on January 3, 1905. According to the coroner's report, the chief difference was over the ownership of the estate, which is of considerable value.

Mr. Hiller said that to the best of his knowledge his mother left a will, and that it was in a safe in the Hiller home. He said that he had not seen the will for several months. The key to the safe, Mr. Hiller said, had been given to his brother, Charles, and that he had not seen the key for several months. Mr. Hiller said that he had not seen the key for several months.

DISCUSSED SETTLEMENT.

Charles A. Hiller, when asked about the situation in regard to his mother's estate, said that Tuesday evening, after Mr. Edwards returned to the Hiller residence from the reception at the Hiller home, he had a discussion with Mr. Hiller, but that the settlement was not reached.

BULLET ENTERED BRAIN.

Dr. Benjamin H. Cheney was called in to see the dead man yesterday. He did not discover the bullet wound until he turned Edwards over. He ran a probe into the wound and located the bullet in the lower section of the brain. The bullet has not been removed.

Under supervision of the police, plumbers were set at work today in the Hiller house tearing up the traps and plumbing and to lay bare for scrutiny most of the drainage pipes. No explanation was given for this move.

A servant girl in a neighboring house told of hearing three pistol shots during Tuesday night, and scrutiny was made of the walls and ceiling of several rooms to see if any stray bullet could be located. That the bullet was fired at close range is indicated by the statement of Dr. Cheney that the lobe of the ear was black with powder stains around the wound. Dr. Cheney found no stains on Mr. Edwards's fingers.

Edwards recently consulted counsel preliminary to what was expected to be a contest in the courts over the division of the estate, which is said to be worth \$100,000.

THEATER MANAGER

VICTIM OF ROBBERS.

R. BEHYMER, business manager of the Mason Opera-house, was held up and robbed by two men just before midnight last night on Twelfth street near Grand avenue. One of the footpads was a negro and the other a white man, and "blamed" their victim to a fine. He had to "bump" his way to the opera-house building.

After spending some time in adding to his wardrobe, Mr. Behymer was returning to his office when he was walking near the opera-house and noticed two men ahead of him. One of them was a negro and the other a white man. They were both dressed in evening clothes and were walking in a very confident manner.

Mr. Behymer was walking in the same place with the point of his back against the high board of the opera-house building.

The negro was too strong for him, and struck him two terrific blows behind the left ear and then hit him in the same place with the point of his back.

Mr. Behymer was wearing a ring set with a diamond and two rubies worth \$100, and in an effort to save himself he slipped the ring off and he threw it to the robbers. The robbers did not find it.

The white man then took the ring and the blow which weakened him and the negro man pulled from his victim a cell case which was

I asked "Whiskers" the other day if he knew what the earth was like a thousand years ago. He said he guessed it was because it had been "looked down" in the mud. He said that was a pretty good guess and he could go to the head of the class at it, but the real answer was "because the children of men multiply thereon."

I want to see my girl the other evening to my good-bye before going East with the Old Man and we actually fell to talking about nothing and why dentists all have good teeth and I said to myself: "My girl is a pretty good guess and he could go to the head of the class at it, but the real answer was 'because the children of men multiply thereon.'"

Bargain-Friday No. 315 and
The January Clearance Sale

A COMBINE THAT MEANS WONDERFUL SAVING

The importance of this Bargain-Friday No. 315 cannot be too strongly impressed upon you. It's the first one of the New Year, it's the first of the January Clearance Sale, and it's first in point of value giving. Tremendous selling has marked the first days of the January Sale and numerous short lines and broken assortments are the result. Prices have dwindled in proportion to the size of the lots, making it a day of saving that you cannot afford to overlook. Many of the best lines are not given publicity. The early comers fare the best.

TEARING UP UNION CARDS.

Jim Lynch's Dupes Beg to be
Given Back Their Jobs.

Majority Find Their Places
Have Been Filled.

Printing Strike is Dead; Fail-
ure Never More Dismal.

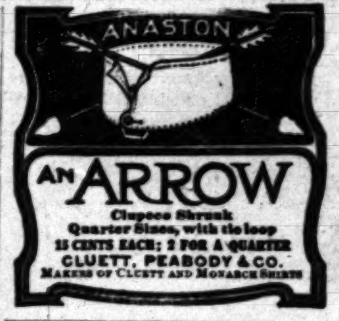

Jim Lynch's typographical poems
are on the run. They are headed for
the open shop. They are finding closed
shops. But it isn't the kind of closed
shop they figured on and wanted when
they struck for an eight-hour day
with plus hours' pay and shops closed
against all but members of Lynch's
typographical Union. They are now
wringing their hands and weeping
over their union cards and weep-

cern was approached by the unionists
in their endeavor to win some of the
men away from loyal service to the
company which has employed them for
years, there was only the defection of
one compositor and the office boy.
The unions are put to such straits
that they even have an emissary to
labor with the office boys of the open
shops, and thus to add to their hope-
less strike a touch of comedy—which is
appropriate, for the whole thing is a
farce, despite the loud-mouthed boasts
of Hay and Fennessy as to what they
were going to do to Los Angeles.

VITAL RECORD MISLEADS.

Chamber of Commerce Seeks to Rem-
edy Government Report on Local
Death Rate.

A gross injustice is being done the
fair name of Los Angeles, and the
Chamber of Commerce is trying to pre-
vent its continuance. The United
States government, in making up its
tables of vital statistics, gives a prom-
inent place to deaths in proportion to
the population. For the basis of the
calculations it takes the last census.
While this works no hardship on most
cities, in a place where the population
is growing very fast, it unduly swells
the number of deaths per thousand.
Los Angeles, with its phenomenal in-
crease, fares worst of all. The last
census gave us a population of 102,000,
and on this the figures are based. It
is generally admitted that now we have

self unable to make any change. The

the local representatives in Congress in
an effort to have the figures changed,
or to have the name of Los Angeles
omitted from the list.

to be taken back to work nine
hours for the hour's pay "and to hell
with the union."
A few of them are being allowed to
return to their jobs—as non-union
men, however, and press-feeders,
a majority of the 10 who "quit."
Lynch cracked his whip 3000
times, saying he was with the police
"there for you, but we have all
gone on as possible. Your
union has been filled."
Lynch never made a more dis-
tasteful use of the typographical
Union. The bottom fell
out of the Red Fennessy game
when he cracked his whip. The
game was in the close of the second
round of the boxing carnival showed that
Lynch and his had walked out.
Lynch had employed in local
printing shops. Last night's tally
was no more of eight, bringing the
total of the day's defections,
which took place during hour of Wednes-
day night, was mainly boy feeders.

200,000 people here, but the tables of
vital statistics take no heed of this.
The result is that deaths occurring
here in reality at the rate of about 12
or 14 per 1000, appear in the tables at
the rate of 25 to 28 per 1000. Our death
rate appears on the surface to be one
of the highest in the country.
If actually based on the number of
people here, the local death rate would
not accurately represent the conditions
of health. So many invalids come here
from other places that the rate would
even then be higher than the "facts"
warrant. Could that increment be sepa-
rated from the total, a fair table
would result.
The Chamber of Commerce called the
attention of the Census Bureau to the
conditions, but that bureau did not put

and stated to the detectives that he

did not possess, but who was aware of
the fact that he had withdrawn \$50

My Life a Sermon of Thankfulness

Says Rev. J. Stoddard, D.D., Great Pulpit Orator and Former Rector of
the Church of the Holy Apostles, in gratefully acknowledging the debt

REV. JAMES STODDARD, D.D., Former Rector Church of the Holy Apostles, Perry, N.Y.

he owes to Duffy's Pure Malt Whiskey. Impressive truths from the lips of this dis-
tinguished divine, who bids his ailing
brother be of good cheer and prophesies
that health, strength and the joy of living
will return to him:

Perry, N. Y., September 21, 1905.
My Dear Brother:
"Yes, dear brother, it would give me lasting joy
to be at your bedside through these long and trying
days; to be able to minister to your physical wants,
and to lead your thoughts along paths profitable
alike to both of us. Alas, I cannot come to you, but
I am comforted in knowing that the lung trouble
is leaving you and that you are in good hands and
have every care. Above all, that your doctors have
found in Duffy's Pure Malt Whiskey the one medi-
cine that is curing you. I am certain that this prepa-
ration will continue to build you up, that it will put
you on your feet again, as well and strong as you
used to be.
"You will remember the condition in which the
closing months of last year found me. My voice
was gone, I suffered from chronic bronchitis, I was
weak in body and slow of mind. When hope had
all but vanished, a dear, old friend brought me
Duffy's Pure Malt Whiskey. I took it according to
directions—a dessert-spoonful three times a day.
You know full well what a cure was wrought
in my case.
"Today I am strong, robust, healthy. My throat
is completely cured, my voice restored. I am im-
bued with strength, energy and hope. My limbs
have the elasticity of youth, and I possess the ex-
alted powers of mind and body. This and more I
owe to Duffy's Pure Malt Whiskey, the purest and
most effective medicinal preparation nature has pro-
duced. I bid you then to take courage.
"Yours with warmest good wishes,
"REV. JAMES STODDARD."

For more than fifty years Duffy's Pure Malt Whiskey has been prescribed by doctors and used in
over two thousand leading hospitals as the greatest tonic-stimulant and health-builder known to
medical science. It is endorsed by the clergy and professional nurses and recommended by all schools
of medicine as the best cure for coughs, colds, consumption, grip, bronchitis and pneumonia. It stim-
ulates and enriches the blood, aids digestion, builds up the nerve tissues, tones up the heart and
fortifies the system against disease germs. It prolongs life, keeps the old young and the young strong.
Duffy's Pure Malt Whiskey contains no fusel oil and is the only whiskey recognized by the Govern-
ment as a medicine. This is a guarantee. For sale by all reliable druggists and grocers, or direct, in
sealed bottles only; never in bulk, \$1 a bottle. Make sure the seal over the cork is unbroken. Doc-
tor's advice and medical booklet free. Duffy Malt Whiskey Co., Rochester, N. Y.

EVENTS IN SOCIETY.

Mrs. Banning Entertains.
Mrs. and Mrs. Walter Newhall and Mrs. Mary W. Longstreet, who have been spending the past two months in New York, returned a few days ago. Wednesday afternoon Mrs. Banning entertained a number of women friends with a luncheon in compliment to Mrs. Newhall and Mrs. Longstreet, given at her home at No. 416 North Broadway. After the luncheon Mrs. Banning entertained her guests with a box party at the home of Mrs. Longstreet, accompanied by her mother, Mrs. M. A. Wilcox, and her brother, Mr. Wilcox. Mrs. Banning left last evening for San Francisco to be gone several weeks. On their return Mrs. Walter Newhall is planning to give a large luncheon at the California Club for Mrs. Longstreet, the affair to take place February 14.

Tribute to Mrs. Scholl.

Never perhaps was more fitting or beautiful tribute offered than the lovely and rarely gratifying luncheon which Mrs. Mary J. Scholl, president of the Treble Clef Club, gave yesterday afternoon at the California Club in honor of Mrs. William John Scholl, retiring president of the same organization. The table was a warm fragrance from many soft-petaled violets and soft ferns. In the center of the exquisitely-appointed board was a huge basket of violets tied with bright bows of lavender ribbon and over the cloth violets spread themselves lightly. The place cards were dainty colored stoppings of daisy-brown girls and corner bouquets of blue-eyed violets marked the places. Members of the board of directors of the club were the only guests. In the course of the luncheon Mrs. Scholl was presented with an elegant silver bowl handily engraved and embellished with a fitting inscription. The presentation speech was by Mrs. R. H. Baumgardt, who spoke touchingly.

"There is one among you," she said, "whom we feel at this hour we must honor. Could I give speech to sentiments more appropriate than that which the grand old hand voiced in his 'Kiss Me'?" Her voice was ever soft, gentle and low—an excellent thing in woman. In echoing this, we would also say, for many courtesies extended to us by this same one we would show our good will and love in a substantial way by presenting to Mrs. Scholl this token of our esteem."

Inside the dish was another surprise in the form of a beautiful little letter of tribute from the members. This was read by Mrs. Fred Hooker Jones. It read thus: "Dear Mrs. Scholl: We give you our love and with that love a little token in appreciation and for remembrance of your courtesy and directors of the Treble Clef Club of kindness toward us, the officers and

ried pink roses. Rex D. Weston was best man. Mr. and Mrs. Palmer are on a short honeymoon, after which they will make their home in this city. Mrs. Palmer is possessed of a beautiful voice, a high soprano, and in Chicago was much admired for her charm and musical gifts. She paints well and her pictures in water color have done much credit to her ability in that line.

Spanish Dinner.

Mr. and Mrs. José M. Lugo entertained with a fine Spanish dinner on New Year's evening at the old Lugo homestead on South Boyle avenue, which in the old days was noted for its hospitality. Potted plants and ferns decorated the rooms and the dining table was bright with red flowers, while above shone from hands of colored tissue paper hung tiny tannals. The hostess was assisted by Mrs. L. Massey and Mrs. Will Dunn, and an elegant dinner was served. There were present as guests several members of the City Council and one or two representatives of almost every department in the City Hall.

For Mr. Kellogg.

Miss Madge McGraw of No. 1317 West Seventh street entertained Tuesday evening a number of young friends in compliment to Albert Kellogg of San Francisco. Miss Louise Kellogg captured the ladies' prize a burnt-wood

Positive Sacrifice of CLOTHING

THE KIND YOU, YOURSELF, LIKE BE

Remember This
We are not trying to injure the clothing business of Los Angeles or any of our competitors, but we are doing what any legitimate store under similar circumstances would be forced to do—taking a loss in order to turn our stock into cash.
It is a tremendous undertaking to close out a big stock and to succeed in a limited time it is necessary to make prices that will move things with a rush.
Remember our stock is not damaged, not soiled, not picked over, not shoddy. For eighteen years we have enjoyed the reputation of dealing in the most reliable and finest clothing made in America.
We show the identical styles exhibited in the show windows of the high-priced exclusive stores in the city.
Our original prices were very low, and the reductions we quote are absolutely genuine.

QUITS PLACE, SUES FOR PAY.

SECRETARY KIRBY OUT OF MINERS' STOCK EXCHANGE.

Engaged in April at Rate of Fifty Dollars a Month, He Declares His Employers Have Paid Him Only One Installment—They Profound Ignorance of Situation.

Frank Kirby, who formerly was secretary of the Los Angeles Miners' Stock Exchange, has severed his connection with that concern and gone into business for himself. He has at the same time, through his attorney, M. M. Meyers, brought suit against the exchange.

In a complaint filed yesterday he sues for \$354, which he alleges is due him for salary and money advanced. On April 26 he was engaged at a salary of \$50 per month, and after working for eight months he quit, having received during that time, he says, the money for one month and promises for the rest. The odd \$4 is the unpaid balance of \$22.50 advanced by him in the course of business.

Hope long deferred made Kirby's heart sick, and he lost no time after leaving the employ of the exchange in trying to convert the promises into cash.

W. McDermott of the exchange is not communicative about the incident. Not for nothing has he read the accounts of the insurance investigations. No high-priced official could know less than he. At first he denied that there was any friction between his former secretary and himself.

When the fact that suit had been brought was finally shoved into his mind, ignorance enveloped him like a cloud. He knew nothing, and apparently never expected to know anything about the matter. The former secretary, with whom he had been on friendly terms a moment before, became a nebulous dream. He wasn't sure that the man had ever been the secretary of the exchange.

"But, Mr. McDermott, was not Mr. Kirby employed here?"

"Well, really, you know, I don't know—er—I have nothing to say."

"He claims that you have failed to pay him his salary. Is that true?"

"I have nothing to say."

"Surely you know that he has left your employ, and gave that as his reason for doing so?"

"Nothing to say."

"Mr. Kirby has attacked your business honorably. You have nothing to say in your defense?"

"Nothing."

The seven emblems on specimens engaged his attention at this point so thoroughly that further expressions of ignorance concerning the affair could not be drawn out.

1200 Dozen Pairs Manufacturer's Samples

Onyx Stockings

Less Than Half Price

It is self-evident that these stockings represent the very cream of the product of the Onyx Mills, else they would never be used as samples for the greatest retail concerns of this country to select their spring and summer lines for 1906 from. These hosiery sales of ours have become so thoroughly well established, the name "Onyx" so favorably known, and the element of economy on these occasions so plainly marked that it is quite unnecessary to dwell here upon the question of values, further than to say this lot far exceeds any previous line of samples we have ever received, in both beauty of style and intrinsic worth. The stockings have served well their purpose as samples, and come to us at a mere fraction of their market value, so we pass them on to our patrons at a like ratio.

Talking Machine Stopped Sousa's Band

Think of stopping Sousa's famous band right in the middle of a musical passage and requiring it to play the entire selection over again! No audience ever assembled would dare do such a thing, yet when the Victor talking machine would accept it as satisfactory. Even when the selection is rendered to the satisfaction of the jury of musical critics the performer is not excused until the record has been copied and played over several times, for the Victor talking-machine record is so sensitive that any human ear and it may call attention to a single note which may necessitate the making of a new record. The other records of the Victor machine never would have detected it. It was necessary to have a record of "The Angelus," played by the famous Victor Orchestra, twenty-three members, every man an artist, was rejected, because the talking machine revealed the fact that the second clarinet had run out of breath and skipped two notes. The fault was so trifling that the musical jury had not noticed it at the time. Certainly the primary listener never would have detected it. It was necessary to have a record of "The Angelus," the latest popular song craze, sung no fewer than ten times before the musical jury would accept a record as satisfactory. Nothing is ever accepted as "good enough," every Victor record must be the best that can be produced.

THE ELLIS DIVORCE.

Long-Deferred Suit Now Coming to a Head—Wife of Los Angeles Doctor Begins Proceedings—"Wine and Women," She Alleges.

MRS. LULU ELLIS, wife of Dr. H. Bert Ellis, eye, ear, nose and throat specialist, ex-member of the Board of Education, clubman and "high roller," has retained Judge J. W. McKinley to prepare in her behalf a suit for divorce, on the ground of technical desertion. They have been married eighteen years and are without children.

As is blameworthy as he is for the unfortunate condition that has arisen; that she treated him with cruelty and led him a wretched life till he went off by himself. They declare that her allegations, which her chosen friends have bruited abroad with very free tongues and have attempted to peddle out many a time to the press, are largely untrue, and that the doctor is a much abused man.

Technical desertion, under the divorce law of California, means the failure and refusal of one of the married parties to live with the other as husband or wife. It is a form of complaint sometimes employed by a wife when she desires, or is willing, to save her husband's name from scandal and herself from distress of publicity.

In this case Mrs. Ellis declines to talk. Her attorney, while admitting that he has been retained by Mrs. Ellis as stated, refuses to discuss the matter. Dr. Ellis, seen last night at the California Club, smilingly retorted: "I have nothing to say, nothing to say, nothing to say."

In response to a statement of information Dr. Ellis said: "If you know that Mrs. Ellis is preparing to sue for a divorce you know more than I do."

For a year there have been rumors abroad of an impending legal separation of the Ellises. For ten years they have not lived happily together. Since last May they have not occupied the same house. In that month Dr. Ellis, with two other well-known Los Angeles business and club men, went to Europe on a pleasure jaunt. Since his return, last October, he has made his home at the California Club. Mrs. Ellis has remained at No. 1427 South Spring street, where she has a very comfortable dwelling which Dr. Ellis has rented from Steckel, the photographer, for some time.

If Mrs. Ellis grounds her divorce complaint on mere desertion, only a fraction of the story she has endured at her husband's hands will be offered to the attention of the courts—an unheard-of thing in California. The wife would give much gratification to the defendant, who is described as "highly sensitive of his good name."

As long ago as six or eight years Dr. Ellis induced his wife to invest his money in a business enterprise, a "scheme" which he brought by his wife; but friends say they suspect it. He is understood to have a large interest in the California Hospital. An examination made with a view to the incorporation of a new hospital, discloses the fact that Dr. Ellis's various holdings are by no means free of incumbrance—incumbrance of sorts. It is stated, to suggest that the bringing of a suit for divorce will not take him by surprise.

WINE AND WOMEN.
Representatives of Mrs. Ellis tell of the unhappy life she has led for years, a result of her husband's use of strong drink, his fondness for the companionship of women other than herself, and his quick temper under rebuke. Upon one occasion, they say, he invited her to accompany himself and a woman whom she had come to hate for his attentions, to the theater, and that her refusal to do so resulted in a "scene."

At the time of Dr. Ellis's return from Europe Mrs. Ellis was just recovering from a second operation for appendicitis, performed by Dr. Hitchcock at the California Hospital. She declares that instead of coming at once to her bedside he tarried two weeks in San Francisco where now lives the woman in whose company Mrs. Ellis refused to be seen at the theater; and she says that he did not come near her after he reached Los Angeles.

It is related by Mrs. Ellis's friends, as a statement made by her in intimacy, that recently Dr. Ellis threatened to cast her off by publishing in the newspapers a declaration that he would no longer be responsible for any bills she might contract. That this was an idle threat Mrs. Ellis did not know, they say. So long as a wife has not deserted her husband's "bed and board," he cannot lawfully renounce her support.

HIS NAME WITHDRAWN.
It is understood that in connection with her suit for divorce, Mrs. Ellis will demand a division of property sufficient to insure to her an income of \$200 a month.

A dispatch from San Diego is to the effect that the engineers believe they can construct the San Luis Rey dam in fourteen months if enough men can be put to work upon it. This is given as the shortest possible time in which the work could be done.

According to advices from San Diego a deed has been prepared which will be filed in a day or two transferring to Charles Forman, secretary of the Pacific Light and Power Company, 350 acres in the San Luis Rey valley, the consideration named being \$24,450.

A deed was filed yesterday with the

San Diego County Recorder transferring fifty-four acres in the same valley together with water rights and stock in the San Luis Rey Ditch Company, to Mr. Forman. This is understood to be merely a drop in the bucket to the amount of land to be turned over to Mr. Forman in a few days.

HOT FIGHT IN SUPREME LODGE.

LIST MAY BECOME HEAD OF THE FRATERNAL BROTHERHOOD.

First Test of Strength Results in Threats of Injunction Suit—Old Officers Versus New—Elections Stated for This Afternoon—Chappel Forces in Minority.

Test votes taken last night in the Supreme Lodge session of the Fraternal Brotherhood indicated that either H. D. List or James A. Fosbury will today be chosen for supreme president of the order.

S. J. Chappel, acting supreme vice-president, is apparently backed by a strong following—but not strong enough to win him the place at the head of the order.

Caucuses for the battle over the selection of supreme officers and committee meetings were the features of the first day's session of the Supreme Lodge.

Thirty-four alleged members of the Supreme Lodge presented credentials yesterday morning. Over these there was a cavil as the membership of that body was supposed to consist of but

thirty-one persons. The three extras are the officers chosen a month ago to take the place of three supreme officers who at that time resigned.

So warm was the contest over the seating of these three extras that former Supreme President Dandy rushed out of the lodge room into the corridor and told friends that he would get out an injunction suit to prevent the seating of the new members.

To those on the outside this was taken as an indication that Mr. Dandy and his followers had been outvoted. The three new members of the Supreme Lodge are factors in the selection of officers.

This afternoon the first test of strength in the selection of officers is expected to take place. All the temporary officers have agreed to resign, giving a clear field for all candidates.

Last night's session was devoted to a discussion of the report of the Committee on Laws. Important among the questions considered were reducing the salaries of the supreme president and his officers from \$500 to \$200 a year, and increasing the representation in the Supreme Lodge.

Superintendent Fosbury will accept the place at the head of the order only on condition that the salary be not cut. Chappel is willing to accept the place at \$400 a year salary. H. D. List is the dark horse in the race. He is ex-president of Los Angeles Lodge, No. 1.

SANTA FE BUYS REALTY.

Railroad Company Secures Valuable Block at Stevenson and Fourth.

The Santa Fe Railroad Company, through W. I. Hollingsworth & Co., has just secured a valuable block of real estate lying between Third street and Santa Fe avenue. This property was leased some years ago to the Stinson Lumber Company, and the lease was in force up to a few days ago. The railroad has now some need of the property for its own use, and they bought the real estate from the lease from the Stinson Lumber Company, and this latter concern is moving off the premises with all possible dispatch.

It is evident that the Santa Fe Railway Company will have "something doing" in that vicinity immediately.

HOW BEST TO CONSOLIDATE.

First Conference on Union of City and County.

Committee of Fifteen to Ponder Ways and Means.

Problem in Representation of All Districts.

Consolidation of the city and county governments was launched with a splash yesterday in the directors' room of the Chamber of Commerce.

A joint conference occurred between the City Council, Board of Supervisors and representatives of the civic organizations.

The result of the meeting will be the immediate selection of a committee of fifteen to consider ways and means of effecting the consolidation.

Two have already been named—Stoddard Jess of Pasadena and Walter F. Haas, Esq.

Those actually present at the meeting yesterday were the following: City Councilman G. A. Smith, Ed Kern, Fred Ford, Percy Hammond; Supervisors Patterson, Alexander, Wilson, Brady and Graham; Joseph Meeman, A. P. Fleming, Kaupare Cohn, Robert McGarvin, Byron Eckenbrecher, John G. Mott, Frank Simpson, J. H. Newberry, Willis Booth, Perry Weidner and Oscar Mueller (chairman).

A general discussion of the place, considerable difference was expressed as to the best method of bringing about the consolidation. A moot point was as to the most satisfactory plan of getting fair representation of the city and different country districts on the committee of fifteen.

It was suggested by the Supervisors that it would be somewhat unfair to the country to permit the City Council to select five members, the civic bodies of the city five, and the Board of Supervisors five. As two of the Supervisors districts lie almost entirely within the city, this arrangement would be equivalent to giving the city twelve delegates and the country but three.

Councilman Smith, as a way out of this seeming difficulty, suggested that the committee ought to have power to add to its own number. He thought the committee ought to ask prominent men from Pasadena, Long Beach, San Pedro and other big towns to add themselves to the committee.

SHOULD INVITE OPINIONS.
Mr. Weidner made objections to this on the ground that the committee would then be unwieldy. He thought it best to choose the committee and have the committee invite opinions and suggestions from every district and city men to the committee.

Superintendent Alexander again brought up the suggestion that the representatives for the entire board will not be enough.

"That is one of five from each district," he said.

He suggested that the plan to take extra delegates from certain of the more important towns would raise an uproar, on account of the many sectional jealousies that exist. His idea was a convention, with delegates from every town and hamlet.

Councilman Smith spoke in favor of giving the county every advantage as between the city and the county. He said the country people are sometimes inclined to be suspicious of the city men—"an old story with good cause," he said.

He pointed out that in the city the sentiment is almost unanimously in favor of consolidation, so that the city can easily afford to give the country most of the committee. He said instead of there being four from the county and eleven from the city, it might better be the other way.

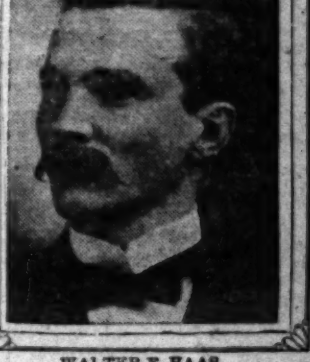

John G. Mott then made a suggestion that met with much approbation. He said the county might be divided into districts and one delegate chosen from each. Then there could be no talk about either the city or the country having an unfair advantage in the representation.

WALTER F. HAAS

tricks he within the city do not have to appoint city men," he said. "If the Supervisors are going to confine themselves to their immediate constituency, the whole spirit of this thing is lost. The particular point in asking the Supervisors to appoint delegates was to get the best men from the country."

This roused the ire of Supervisor Alexander.

"Why don't you tell the Chamber of Commerce and the Merchants' Association to do the same?" he demanded. "Why do you pass this up to the Supervisors in that way?"

Profuse assurance from everybody that nobody meant anything.

Robert McGarvin called attention to the fact that the interests of the city and county are merged in this matter, anyhow. Many of the residents of the county who might be appointed as business in the city. Many of the city men who might be appointed as, in fact, heavy holders of county property than any single county resident.

Supervisor Brady, who had not said anything previous to this, asked to be excused to get a train.

FIRST DISTRICT IN HARMONY.
"As I go," he said, "I just want to remark for the First Supervisorial district that we are with you and that whatever you decide to do will be satisfactory to us."

He said he would announce his selection as a committeeman to be Stoddard Jess, vice-president of the First National Bank of Los Angeles and a resident of Los Angeles.

Whereupon Mr. Alexander stated his intention of asking Walter F. Haas, former City Attorney, Los Angeles, and a resident of Pasadena, to be a Councilman Smith made a soothing and diplomatic remark that the Supervisors ought to bury their meanness and appoint themselves on the committee of fifteen.

Supervising Patterson said what he wanted to find out was what the country wants to find out is the extent of territory proposed to be taken.

Chairman Mueller said the point would have to be established by the committee of fifteen. Mott Flint, however, had suggested that the territory run from the natural dividing line between Glendora and Azusa, to take in Pasadena, Long Beach and Whittier, Santa Ana, Long Beach, San Pedro and the mountains to the sea.

The conference resolved that the original plan of appointing five members from the City Council, five from the civic organizations and five from the Supervisors will be followed.

The names of the appointees must be in the hands of the secretary of the Chamber of Commerce by Jan. 15.

BIG POSTAL GAINS.
Great Growth of City Shown in the Monthly and Quarterly Reports of Postoffice.

The story of how Los Angeles grows has another chapter added by the annual report of postal receipts. There is hardly a surer thermometer of the state of business than the postal receipts and the mercury in that tube has steadily climbed from year to year in this gateway of the Southwest.

In the year ending December 31, 1904, the postal receipts were \$45,447.71. For 1905 they were \$719,063.04—an increase of \$118,635.29, or 19 1/2 per cent. In December of last year the postoffice was in the red, the deficit being \$17,454.72, or 21-1/2 per cent. This is an increase of \$17,454.72, or 21-1/2 per cent. The increase is more than for the last month of the year, showing that the business is steadily tending upwards.

The receipts for 1906 were \$255,448.71, and the increase for the last five years has been \$455,442.22. The increase is 177-1/2 per cent. of the total of five years ago.

WOMAN ASPHYXIATED.
Mrs. Angeline Croff Dies in Little Tenement Room Which Was Her Home.

Mrs. Angeline Croff, aged about 60, who had lived alone for some time in a little room scarcely ten feet square in the rear of the building at No. 28 Crocker street, died last evening under rather mysterious circumstances.

The friends of the aged woman will not entertain the suicide theory, and so far as could be learned there was nothing about the case to indicate that she had taken her life. Gas escaping from the cracks in the door attracted the other roomers and the door was forced open at about 7:30 o'clock, when Mrs. Croff was discovered on the bed, dead.

A hot-water bottle was found at her feet and she had retired. The theory of those who investigated the case is that she had not been feeling well and had heated the water on the little gas stove where she cooked her meals, placed the bottle in the bed and retired, forgetting or neglecting to turn out the gas. It is thought the hose which conducted the gas from the gas jet to the stove slipped off the jet and thus, after the woman had gone to sleep, she was asphyxiated.

Other roomers in the house say Mrs. Croff was always cheerful and a helpful neighbor and believe she died as above stated. She made her living as a plain sewing. The inquest will be held this morning at 9 o'clock in the morgue.

Mrs. Croff leaves two daughters, Mrs. F. O. Jones of South Griffin avenue and Mrs. J. H. Jones of the corner of Seventeenth and San Pedro streets.

IT'S MISS EATON'S FACE.
If you see a marked resemblance to the face of a Los Angeles girl adorning the cover of a prominent Eastern magazine, in the current issue, be sure that your memory plays you right, for this face is that of Helen Eaton, daughter of ex-Mayor Fred Eaton. The study is reproduced in large size from a painting by artist Irving Marlett of Buffalo, and is the sole decoration of the outer page.

(NEWS REPORTS FROM TIMES CORRESPONDENTS.)

CHASER FOR THE TRUANTS.

SAN BERNARDINO TO HAVE AN ATTENDANCE OFFICER.

Police Department Has Not Been in a Position to Attend to the Functions of That Office—Heavy Sentence for Man Who Committed Battery on Young Husband.

SAN BERNARDINO, Jan. 4.—In its determination to enforce the compulsory education law the City Board of Education last night empowered the president of the board to appoint an attendance officer, whose only duty will be to investigate causes of absence, and to arrest truants between the ages of 8 and 14 years.

The Chief of Police has heartily cooperated with the school authorities in enforcing the compulsory law, but it has been found that the regular police frequently are engaged with other duties when called upon by the City School Superintendent, and a truancy has been encouraged as a result.

Under the law a child who is arrested three times by a truancy officer can be declared a habitual truancy, and committed to a reformatory school. A penalty of \$5 for the first offense can also be imposed upon the parent, or imprisonment of five days, and double that punishment for subsequent offenses.

SENTENCE FOR BAXTER.

One hundred days and \$100, and a judicial roasting, was the sentence meted out this morning by City Recorder Vestal to Will Baxter, son of well-known parents, who was found guilty last week by a jury of battery upon a young husband, whose wife Baxter had insulted. The family announced that the case will be appealed.

SAN BERNARDINO BRIEFS.

The funeral of Mrs. Elias McDonald, who died Sunday at Richmond, Cal., took place today at the Presbyterian Church. Mrs. McDonald was one of the pioneer women of this valley. She crossed the plains in the gold days.

The funeral of Rev. W. F. Elston, the blind preacher, who died suddenly Sunday at his winter residence at Highland, will take place Sunday afternoon, Rev. Mark B. Shaw of the Baptist Church will officiate. The funeral is delayed awaiting the arrival from Chicago of a son, Attorney Elston.

J. D. Varpiloff of Waukegan, Ind., arrived here today to look into the standing of an oil company, which has been operating in the vicinity of county officials of Muncie, Ind., who have locations about Hiawatha and Victor, on the desert, and are selling considerable stock. He was warned against buying oil stock of companies owning locations in this county, as oil has never been encountered here, though for many years companies have been digging for oil on the desert for years.

The Craig divorce case has taken a new turn. Mrs. Craig has secured a writ of Habeas Corpus, and has filed a petition for alimony. It is stated that the alimony is asked for the support of the children, and the couple, whom she took away when she left for the East.

J. P. Hight and other Salton men who have just arrived from Salton declare that the Salton sea is steadily rising, and the residents predict that the government experimental station at Mecca will soon be in danger of inundation, unless the Southern Pacific manages to shut off the inflow from the Colorado River.

COLTON.

CLUTCHES ON FRUIT THIEVES. COLTON, Jan. 4.—Oranges in Colton have been vigorously pursued ever since the Colton Fruit Exchange has offered \$2 reward for each person caught in the act of stealing oranges from the grove of members of the Exchange, and it would not be surprising if many of the "track walkers" soon learn to give Colton orchards the "go by."

One elderly man who has a grove just north of the city limits along the line of the Santa Fe, has been notified by the sheriff for the protection of his fruit and every day for some time he has threatened to sue for damages from one to four orange thieves, and received his reward. Today the old man had a run of two miles in an attempt to catch a young boy who had entered his orchard. Not until several men had enlisted their services was the culprit brought to law.

TRAIN CRIER NEEDED.

There is a "crying" need for a train crier at the Southern Pacific depot at Colton. Between 2 and 2:30 o'clock every afternoon there are from five to seven trains at the depot and with no one to direct them, the people are constantly boarding the wrong train and not realizing their mistake until it is too late. With the Salt Lake trains, the Southern Pacific Overland and the Santa Fe, the Riverside and San Bernardino motors, there is, indeed, excuse for the bewilderment of the traveling public. This is the first time that the "cry" for a train director has been raised. Some time ago the matter was taken up with the officials of the Southern Pacific and it is believed that the request will be granted.

COLTON COLLINGS.

Robert Portle of Vancouver, Wash., has been visiting Colton relatives and friends the past week.

Mrs. Maud Hanna arrived in the city today from Prescott, Ariz. She is a niece of Mrs. Joseph Andrews. F. L. Dreher of San Francisco is visiting his sister, Mrs. L. W. Brink.

REDLANDS.

VANDALS DESTROY TREES. REDLANDS, Jan. 4.—Pettish boys and their friends are becoming too numerous for comfort in this section as a consequence of the large influx of tramps. Many people are complaining of losing clothing or the lines in their back yards, others tell of losing boxes of fruit and scarcely a day passes without the complaint of milk bottles taken from porches throughout the residence section.

Last night T. J. Taplin, who owns an orange grove near Drew Station, was the victim of a large number of the vandals. Some one girded the bark of a large number of his trees near the base and broke off many of the branches. The trees are completely ruined. There is no clue to the culprit.

FOR NEEDY WORKINGMEN.

The local branch of the Salvation Army under the direction of Ensign E. Sundstrom is about to undertake a project for the care and assistance of the scores and hundreds of men who each winter visit this section, many of whom are in ill health and are without friends or money. No less than twenty-five men called upon the Salvation Army of Redlands for assistance.

ance of various sorts in the month of December.

The building as it is planned will be three stories in height and will be comfortable and commodious throughout, though plain. A workmen's rooming-house will be one of the principal features and it is thought that some sort of industry will be taken up, thus giving employment to the many who are willing to work for their keeping, so that much of the waste labor will be utilized. A free employment bureau will also be a feature.

CONFERENCE COMING.

The union conference of the Unitarian and Universalist churches of Southern California, will be held in the Unity Church of this city January 8, 10, 11 and 12. Prominent Unitarian and Universalist clergymen from San Francisco and Portland as well as Southern California points, will be in attendance and address the conference. Among those will be Rev. H. E. Howard, Rev. H. L. Canfield, Rev. George H. Deane, Rev. D. G. Welch, Rev. A. E. Watson, Rev. S. G. Dunham, Rev. Heber Rive, Rev. H. E. Benson, Rev. Francis Watry, Rev. George W. Stone, Rev. Benjamin Goodridge, Rev. E. L. Conger and Rev. E. M. Wilbur, pastor of the Oakland Theological School. On the evening of the first day the visitors will be tendered a reception and on the second day the ladies of the local Unity Church will serve a luncheon in the church parlors.

The teachers and officers of the First Methodist Episcopal Church held their annual meeting last night. The attendance officer was reported by the attendance officer as being satisfactory. The president of the State Sunday-school Association, delivered an address.

Ernest W. Wilbur, pastor of the Oakland Theological School, on the evening of the first day the visitors will be tendered a reception and on the second day the ladies of the local Unity Church will serve a luncheon in the church parlors.

PIONEERS MEET AND DINE. SANTA ANA, Jan. 4.—Fourteen men, comprising all those now living in Santa Ana who settled in this valley prior to 1870, gathered at the Rosemore Hotel last night and celebrated the early days in reminiscence and story. A banquet was served and informal addresses made by each of the pioneers present followed.

The affair was planned in honor of William H. Spurgeon, "The Father of Santa Ana," who laid out the town here in 1860.
